

St. Joseph Preschool

Our program is geared to the developmental level of the children. They enjoy a curriculum that is rich in large and small muscle activities, language experience, family style snacks, and many opportunities to experience successful decision-making. We promote student development of a positive self concept and an attitude of respect and acceptance of self and others. We nurture and foster the formation of family, of parish, and of broader communities in which we live.

We offer 2, 3, and 5 Half Day or Full Day programs.
